

We explore world.

We get active rest.

We say NO to the boredom!!!

Our offer of school trips is destined for pupils on every level of education. An itinerary of every trip is suited for your expectations. What characterizes school trips with **EHschool** is lack of boredom. Boredom is the biggest enemy of such trips. But you don't have to be afraid of it with us. An active rest is what we think is most important so there are attractions in our offer you won't find in any other travel agency.

We have multiannual experience in organisation children's trips. The safety of your children is a major priority for us. In our offer, there are wakeboarding camps for children and youth, and also skiing and snowboarding camps. We can relate to children we are in charge of, and make them have great fun and learn new skills.
